

Foundations Pre-School Scholarship

This scholarship is sponsored by the Englewood United Methodist Church Foundation's Preschool in conjunction with the Charlotte Technical College. The Foundation's Program offers a scholarship each year to a Lemon Bay student or graduate. The scholarship provides up to \$1700 in tuition and fees to the Charlotte Technical College to provide the training in the Early Childhood Education program. This program will provide the training and certification to allow an individual to work at the Foundation's Preschool. During this process the individual will spend time at both the CTC Center and the Foundation's Preschool as a part of their training.

As a result of this training and the scholarship provided the student agrees to work at the Foundation's Preschool for 12 months after receiving proper certification from appropriate authorities. (The student will be compensated as would any new hire at the Foundation's Preschool and the school will work, if possible, with the scholarship winner if they are attending college.)
